EXPERIENCES

• 2020 March:

Participated in WhyHack Hackathon organised by Kerala Startup Mission.

• 2020 February:

Participated in the Second Professional Students' Summit conducted by ASAP.

PROJECTS

1.HARDWARE PROJECT :

CAR PARKING GUARD USING INFRARED SENSOR

This project consists of an IR sensor which can sense any object in its range and activates the buzzer, which gives a beep sound. This circuit is hence capable of detecting obstacles in front and behind the car during parking, thereby, reducing accidents.

2. FLUTTER BASED APPLICATION:

ANDROID/IOS APPLICATION USING FLUTTER

The application contains Information regarding Menstrual Hygiene and awareness.

ACHIEVEMENTS AND HONORS

- 2019 November:

Qualified for Round 2 of REBOOT KERALA Hackathon ,among various institutes (which was cancelled later due to COVID-19).

- 2019:

Became the Class Representative

- 2018-2020:

Player in college Women's Volley Ball team

- 2019:

Participated and won prize for the University Arts Fest.
